¹ If you have limited income and resources, your expenses may be lower.

² Plans that provide some form of coverage during the period when you would typically pay 100% of your drug costs are indicated in the "Coverage in the Gap" column above. "Preferred" drugs refer to drugs that have a lower cost share than non-preferred drugs. To view additional information about the type of coverage available during this period, please click the plan name in the table above and then click on "View important notes and benefit summary" in the window with the plan's information. If you personalize your search by entering your medications, the drug costs during the "coverage gap" will reflect this coverage.
